Shortcut?
No teacher is here. I will go that
way, then I will be number one!
I can get the medal AND the GIFT!

Rule

David, that's not right.
Don't follow Baron.
Our teacher said we
can't go that way!

I am so tired. I
can't finish the race.
I will take that
shortcut, too.

Baron, why did you take the shortcut?

Mmm..., I want to be number one, but Adam and A-Di run very fast.

So I took this route. It is shorter, and I will get back faster.

The Rabbit and the Turtle

Why did Rabbit lose?

How did Turtle win the game?

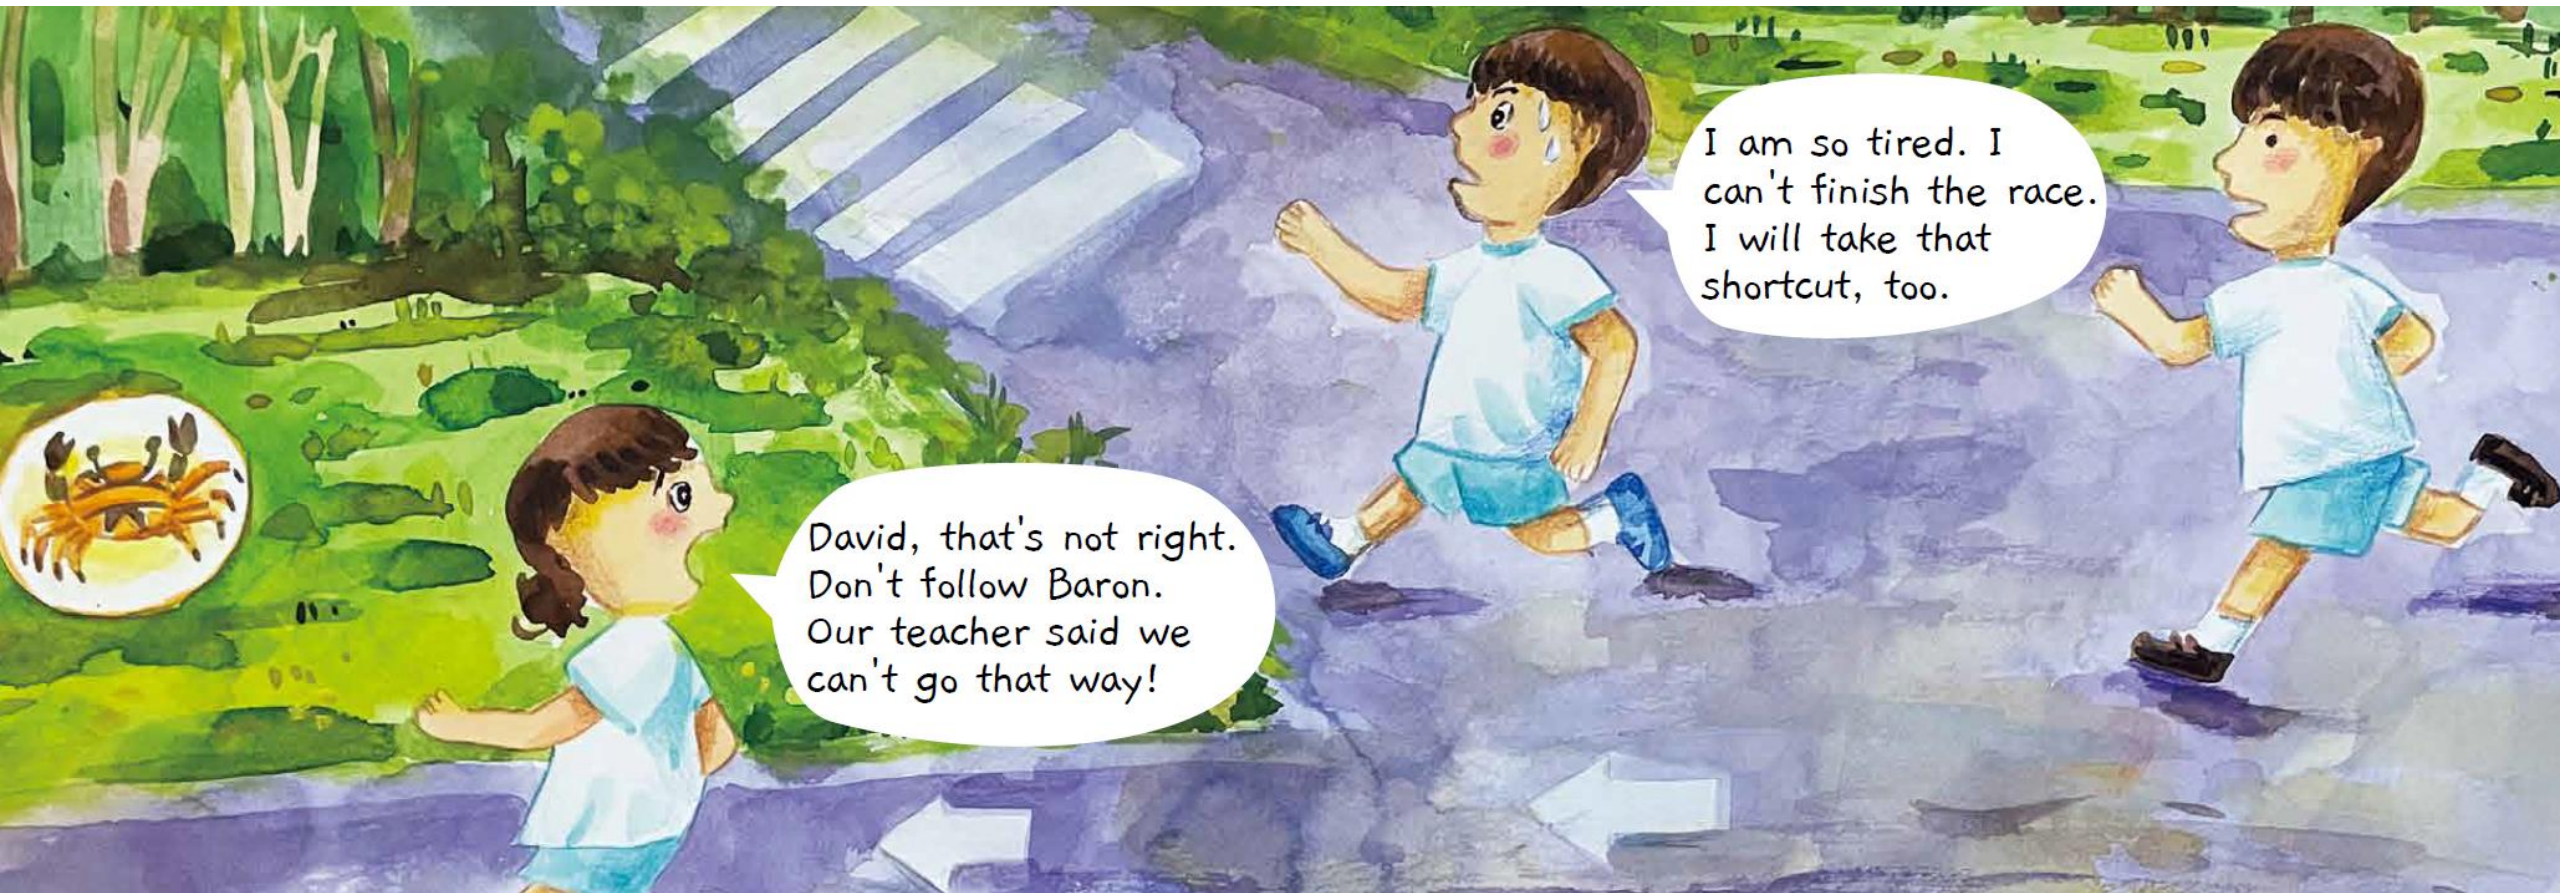

What can we learn?

David, why did you also take this shortcut?

Ah! I just followed Baron. I'm tired, but I don't want to finish last.

You got back first,
but you can't get
the gift.

That's not fair to
other students. You
won't get anything
this time.

Oh no! I'm so sad. Ms.
Lin, I am sorry. I will
not do it again. Can
we get the medal?

Oh, I'm sorry, too. I
should follow the rules,
but not Baron.

We took the shortcut,
so I can't get the
medals. I'm so sad!

Congratulations,
guys...

Look! We all
got the medals!

I am so tired, but
I am very happy.

Baron and David,
what did you
learn today?

Faster is
not always
better!

I should think
twice before I
follow others.

Try again next
year. You will
get the medal!

We should follow the rules.
Faster is not always better.
